LẦN THỨ 8 TẠI HÀ NỘI

JETRO

14 - 16 AUGUST 2019
CULTURAL PALACE - HANOI, VIETNAM
日本貿易振興機構 (ジェトロ)

MESSAGE FROM ORGANIZERS

Vietnam – Japan relationship has reached great achievements in terms of FDI. In 2018, the number of Japanese investment projects in Vietnam reached the highest level ever of 630 projects, of which the total amount is about USD 8 billion, that is the second highest investment level up to now. Nearly 70% of Japanese enterprises in Vietnam mentioned that they wanted to expand their production in Vietnam, according to JETRO's annual survey on Japanese enterprises investing in Vietnam. This figure within ASEAN countries is also at the top. Vietnam has been still evaluated as a significant production base and an attractive market by Japanese investors so far.

The production capacity and quality level of Vietnamese suppliers has been improving. According to our survey, Japanese enterprises' procurement rate of raw materials, parts and components in Vietnam has increased continuously since 2010, and finally overtaken the rate in Malaysia in 2018. On the other hand, the ratio is still lower than other neighboring countries such as China, Thailand, and Indonesia. Thus, they are still forced to import the most of the major parts even now.

Therefore, JETRO and VIETRADE as the role of Governmental trade promotion agencies have co-operated to continuously organize “*The 8th Vietnam-Japan Exhibition on Supporting Industries in Hanoi – so called SIE 2019*”. The exhibition is offering a place for 20 Japanese exhibitors (as BUYERS) to show parts and components they expect to purchase in Vietnam and 35 Vietnamese exhibitors (as SELLERS) to exhibit their produced accessories and production capabilities to Japanese companies.

SIE 2019 is held under the framework of Vietnam-Japan Economic Partnership Agreement (VJEPA), which was signed by the two Governments in December 2008 and took effect from 1st October 2009. It was also one of the themes of the Vietnam – Japan Joint Initiative of phase 3.

This year, SIE 2019 is also co-located with other 2 industrial specialized exhibitions; “VIETNAM MANUFACTURING EXPO 2019” and “*Industrial Components and Sub-contracting Vietnam 2019*” by Reed Tradex Co., Ltd.

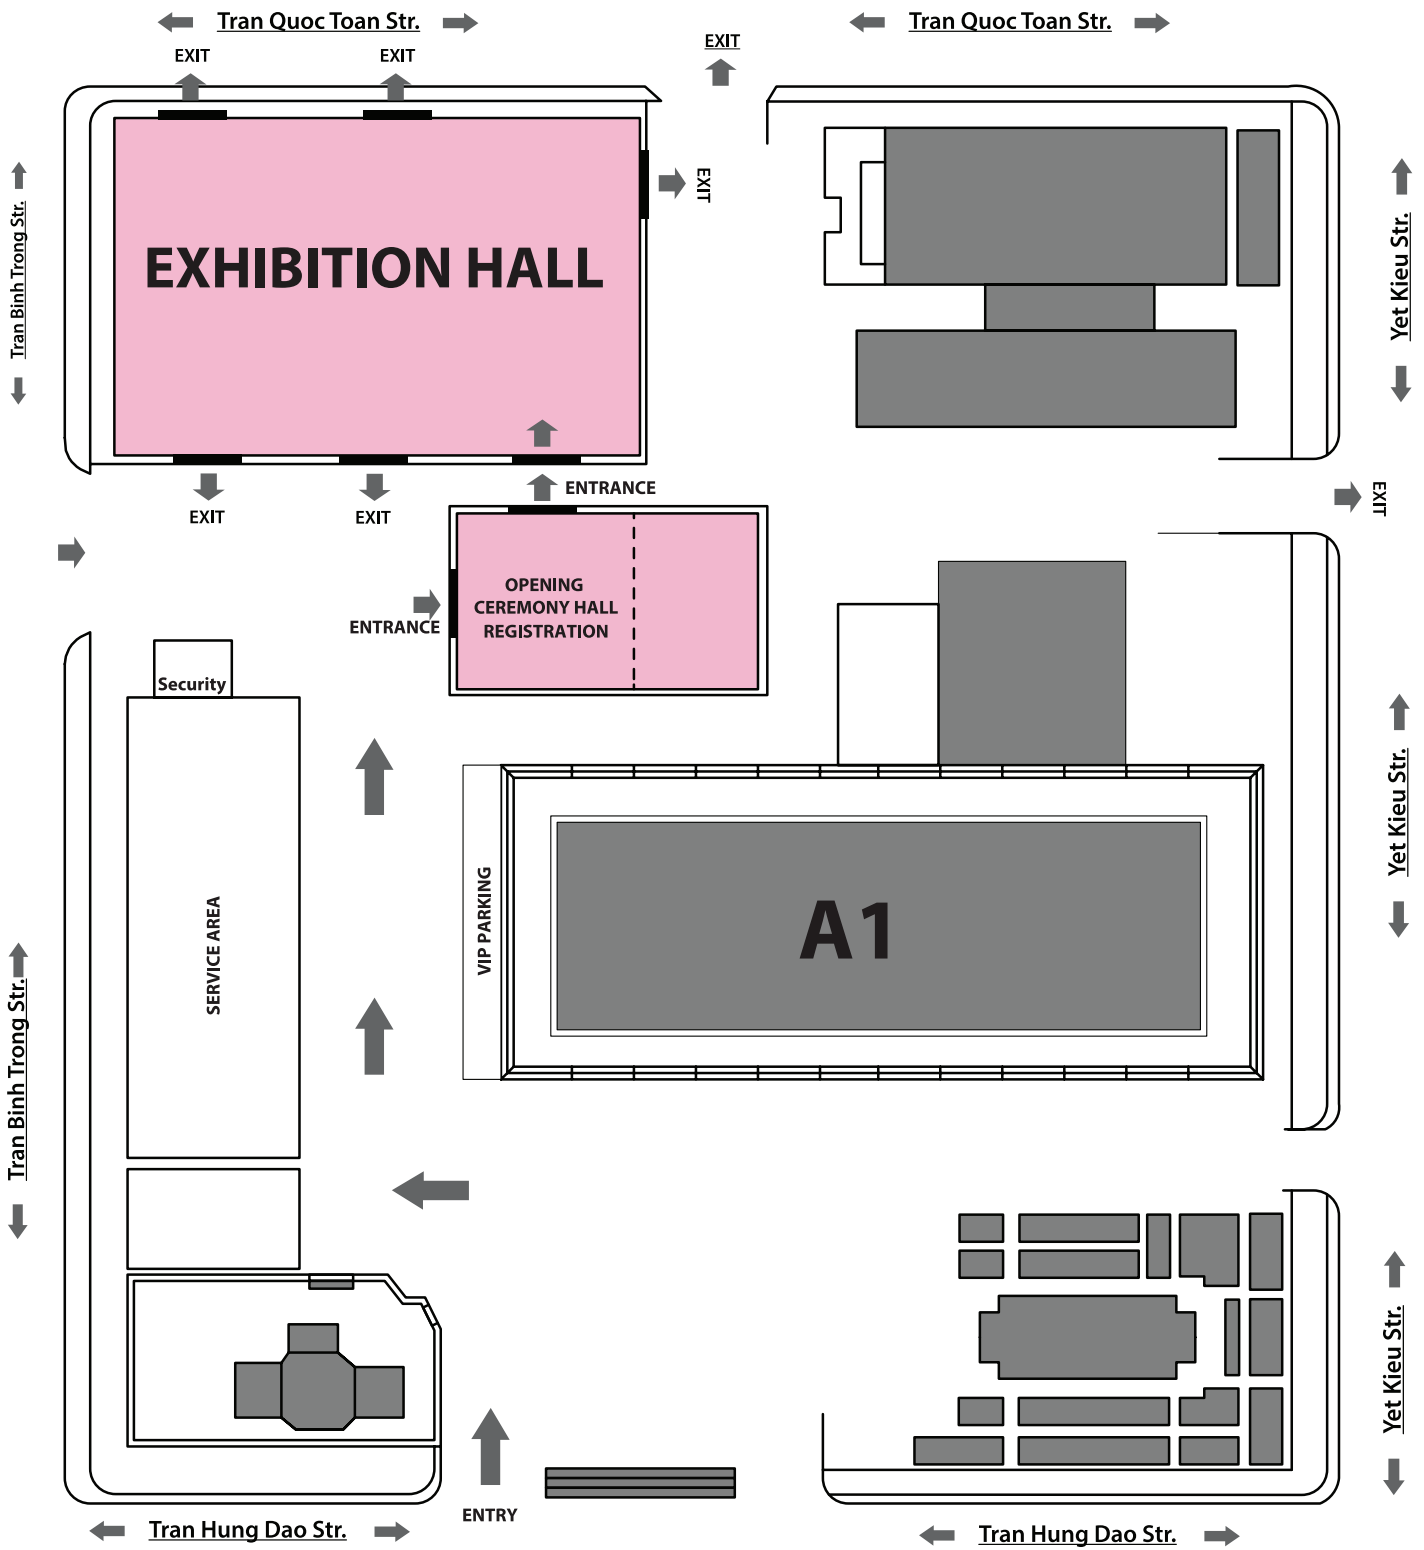

We are sure that the combination of these shows will make great effect for both exhibitors and visitors and being expected to create good business opportunities for all the concerned parties.

Also we expect all exhibitors and visitors to take full advantage of this event for networking.

August 2019

Material: Steel

Denso Manufacturing Vietnam was established in 2001 and officially operated in 2003. From the very first days, all of our employees have always been trying their best to please our customers with the best products and services. As an export processing enterprise, we supply automotive parts to customers all over the world. We never stop innovating to reach the target of "The world's best cost competitiveness" and "Denso, quality and safety first". With such efforts, we create high-quality and environmentally friendly products.

COMPANY PROFILE

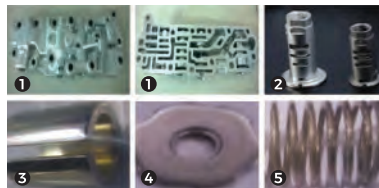

COMPANY NAME: DENSO MANUFACTURING VIETNAM CO.,LTD
ESTABLISHMENT YEAR: 2001 (Received Investment License)
CHARTER CAPITAL: 106,02 Million USD
NUMBER OF EMPLOYEES: 3151 (01-2019, Female 70%).
FACTORY ADDRESS: Plot E1, Thang Long Industrial Park, Kim Chung, Dong Anh, Ha Noi.
FACTORY SPACE (m²): 28,695
MAIN PRODUCTS: Engine Control (AFM: Air flow metter, VIC: Variable Induction Control Actuator) EGRV (Exhaust Gas Recirculation Valve, VCT, OCV, AVS), Body part (APM: Accelerator Pedal Module), Transmission part (A/T solenoid, DCT: Dual Clutch transmission, CVT (Continously variable transmission), Fz Solenoid, Trading in Viet Nam (Bus air conditional, Spark plug, O2 sensor).

QUALITY CERTIFICATES: IATF 16949, ISO 14001, OHSAS 18001.
OPERATIONAL CRITERIA: Quality At First

PURCHASING ITEMS

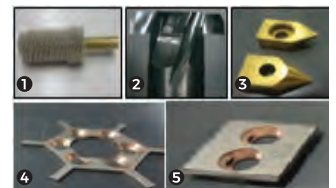

Product name: 1: Plug, 2: Spool A, 3: Bolt B, 4: Plunger
Monthly volume (pcs): (1: 130,000, 2:310,000, 3: 500,000, 4: 380,000)
Use for: Transmission product (AT module, Fz)
Minimum lot: N/A
Material: (1:A6061-T6, 2: A6061-T6/T8, 3: SCM435, 4: ELCH2)

Product name: 1: Valve Body, 2: Sleeve (Die cast+ machining), 3: Bolt B
Monthly volume (pcs): (1: 150,000 , 2: 200,000, 3: 200,000, 4:100,000, 5: 130,000)
Use for: Transmission part - Fz Solenoid, AT module
Minimum lot: N/A
Material: (1:B39H, 2: ADC 12, 3: SPCC-SD, 4: SPCC-SD t2.0, "5: SUS304-WPB 1.8mm

Product name: 1: Coil, 2: Cushion, 3: Pedal , 4:Wire harness, 5: Cushion
Monthly volume (pcs): (1: 60,000 , 2: 300,000, 3: 100,000, 4:150,000, 5: 100,000).
Use for: Engine Control part (1,2,5), Body part (3: Accelerator Pedal)
Minimum lot: N/A
Material: (1: Yoke, Cooper wire, Terminal, Bobbin 2: F201,T587 "3: CM3001G45, 4:wire, connector, terminal, 5: H-NBR

Product name: Cutting tool, Jig
Part name: 1: Brush, 2: Cutter 3: Chip 4.5: Jig
Monthly volume (pcs): (1: 259 , 2: 30, 3: 137, 4: 56, 5: 30).
Use for: Cuting machine, jig assembly
Minimum lot: N/A
Material: 4,5,6: CUW 4,5,6: CUW

As member of the world's leading Air Conditioner manufacturer - Daikin Japan, Daikin Vietnam is a reliable supplier of providing high quality air and comfort to Vietnamese customer living environment. SELLING ITEMS

Product name: Bearings
Use for: Motorcycle, fan, pump
Minimum lot: 2.000 pcs
Material: SUJ2, 100CR6, GCR15

Product name: Motorcycle parts
Use for: Motorcycle
Minimum lot: 2.000 pcs
Material: SS400, S45C, SCM, SPHC, SPCC, STKM

Product name: Agricultural & construction parts
Use for: Agricultural & construction application
Minimum lot: 2.000 pcs
Material: SS400, S45C, SCM

PAPM J.S.C is good at CNC milling, CNC turning ,grinding, metal forming & stamping. In addition are our important business as well. We can work with many kinds of metallic material, such as carbon steel, alloy steel, stainless steel, brass, aluminum and etc . PAPM J.S.C holds many advanced and precision equipments imported from Taiwan and Japan. Reliable service and perfect products will show our sincerity and great sense of cooperation.

We already the high quality, competitive price, timely delivery and good after-sale service.

SELLING ITEMS

Product name: Relief Valve Support/ Rod end/Fork/Slider
Use for: Parts for High and medium voltage power products
Minimum lot: 1 pcs
Material: S45C

Product name: Bearing cover
Use for: Electrical motor parts
Minimum lot: 1 pcs
Material: SS400

Product name: Plate products
Use for: Parts for High and medium voltage power products
Minimum lot: 1 pcs
Material: SCM 440, SCM435,S45C...

Product name: Pin/ R plate
Use for: Electrical motor parts
Minimum lot: 1 pcs
Material: S45C, SPHC

Product name: Washer/Rotor/ ring
Use for: Electrical motor parts
Minimum lot: 1 pcs
Material: SUS304, SPHC, C1100

Plato Viet Nam Joint Stock Company is a pioneer in supporting industry with the research and development and high-tech surface treatment for industrial products. With a large-scale, modern and methodical investment orientation, Plato has installed and operated advanced plating lines, along with specialized surface coating lines to ensure durable and anti-protective corrode to the strict requirements of customers. The applied technologies are always studied and advised by leading experts from Hanoi University of Science and Technology to ensure practical effectiveness and catch up with the trend of the times.

JAPAN EXTERNAL TRADE ORGANIZATION

Organization Profile:

Japan External Trade Organization is a Governmental-related Organization under the Ministry of Economy, Trade and Industry of Japan (METI). With 50 regional offices throughout Japan and 74 overseas offices in the world, JETRO's main function is to promote mutual trade and investment between Japan and the rest of the world. In the 21st century, JETRO has shifted toward strengthening foreign direct investment (FDI) into Japan and helping Japanese firms, especially SMEs expand their businesses into overseas markets.

With the aim of contributing to further development of economic relations between Vietnam and Japan and to the achievement of the prosperity in the region, the Representative Office in Hanoi has been conducting and involving in many various activities that brought mutual benefits to entrepreneurs of the two countries since its establishment in 1993.

Organization Activities:

- Offer expert consultation with the latest legal writings and information relating to tax, customs, labor and investment procedures to Japanese investors who wish to invest or do business in Vietnam,
- Receive Japanese study missions to Vietnam for investment and business opportunities in Vietnam,
- Provide Japanese investors particularly SMEs with office space and facilities free of charge to promote their business and investment in Vietnam,
- Hold business matching between Japanese and Vietnamese enterprises in various fields,
- Organize an exhibition on supporting industries to match Japanese buyers with Vietnamese sellers,
- Hold workshops guiding new laws and regulations on Vietnam's business and investment issues for existing Japanese enterprises who are operating in Vietnam,
- React to inquiries from local and Japanese companies seeking information about potential partners,
- Create business chances for Vietnamese importers by inviting them to visit specialized trade fairs and production bases in Japan in fields of foodstuff, beverage, agriculture and supporting industries,
- Make a comparative survey of investment-related costs in major cities in the region and in Asia every year,
- Conduct an annual survey of current operation of the Japanese-affiliated firms in Asia and Oceania.

☆BSCH卒業企業の声☆

日本から出張ベースで準備を進め、現地での常駐が必要となる工場稼働前に利用しました。会議室の利用や、BSCH出身企業同士の交流、スタッフのサポートなどが有難かったです。
