Forewords 2016

Dear visitors to Business Alliance for Supporting Industry in Ho Chi Minh City.

This event has a history for more than 10 years and we, JETRO continuously contribute to realize, promote inter exchange between companies. This year we see total visitors will be over 13,700 against exhibitors which include 80 from Japan.

Through the global and regional economic dynamism, the enterprises investing from Japan seeking new frontier so called "China + 1" or "Thai +1". Vietnam is one strongly recommendable country with its labor force, capacity of space and future market possibility.

In addition, government of Vietnam is eager to foster supporting industry which plays as a grass-root of manufacturing industries such as automobile, home electronics, internet devices, etc. and defines the quality of such final consumer products.

In order to support and strengthen needs and efforts above, JETRO will organize "Business Alliance for Supporting Industry in Ho Chi Minh City" within METALEX Vietnam 2016, to be held on 6 – 8 October 2016 at SECC. We believe that business matching does not only lead to opportunity, but also lead to strengthening competitiveness in the market.

On behalf of JETRO Ho Chi Minh City, I wish all manufacturers to have productive experience at this show and forge many great business relationships.

Mr. Koji Takimoto
Chief Representative
JETRO Ho Chi Minh City

Focusing on the project of supporting industries development toward Ho Chi Minh City SMEs period 2015 -2020 to raise the Index of Industrial Production (IIP) by 7% per year and create the competitive advantage for such industry compared with regional and worldwide countries to attract the foreign investment and satisfy the demand of multi-national corporations;

Business Alliance for Supporting Industries 2016 in Ho Chi Minh City shall be organized from 6th to 8th October, 2016 to support for the purpose of promoting supporting industries of Vietnam and creating opportunities for foreign-invested enterprises as buyers and potential suppliers as sellers to meet together.

The following product sectors shall be displayed in the exhibition such as electrical and electronic, mold, injection mold, metal processing and machinery, heat treatment and surface, plastic molding and rubber molding, automobile parts and assembly.

The purpose of the exhibition to further develop supporting industries in Vietnam, helping Viet Nam businesses in producing parts and components to enhance capacity and absorb new technologies from Japan which promote the development of the manufacturing industry companies in Vietnam, creating competitive export products with higher value.

Investment and Trade Promotion Center of Ho Chi Minh City (ITPC) would like to provide you this book in helping you find out reliable partners to meet your demands in scale of this exhibition.

Every success to your business!

Investment and Trade Promotion Centre of Ho Chi Minh City (ITPC)
