

# Welcome to MedCity

# A life sciences partnership

Launched in April 2014

by:

- Imperial College Academic Health Science Centre
- King's Health Partners
- UCLPartners
- The Mayor of London
- Also University of Oxford and Cambridge University

# Our mission

To promote and grow life sciences  
investment, entrepreneurship,  
collaboration and industry in London,  
Cambridge, Oxford and the greater  
south east

# What we do

- Providing a single front door and concierge service for industry and investors looking for partners, infrastructure and expertise
- Facilitating and supporting collaboration across all parts of the sector to turn innovations into commercial products and services
- Fostering an environment that supports and encourages entrepreneurialism
- Raising awareness globally of the region's rich life sciences ecosystem

# How MedCity can work with you

- Match you with the right academic, clinical and industry partners
- Help you locate facilities and work spaces
- Support you in setting up clinical trials
- Guide you through regulatory and procurement processes
- Connect you into influential networks

# R&D strengths

- 8.3 million patients registered in the NHS – every disease, ethnic and genetic group available for clinical trials
- Leading the genomics revolution – 100,000 genomes being sequenced in 4 years, recruiting patients with cancers and rare diseases
- East London Genes and Health – characterising, at scale, patient cohorts with naturally occurring complete human “knock-outs”
- Regenerative medicine and cell therapy – Cell Therapy Catapult and manufacturing capability being developed
