**ARIPO: ARIPO - SADC Sign MOU to Bolster Partnership<sup>1</sup>**

During the 7<sup>th</sup> SADC Industrialization Week held in Harare, the Southern African Development Community (SADC) and the African Regional Intellectual Property Organization (ARIPO) signed a Memorandum of Understanding (MOU). The partnership between SADC and ARIPO will be guided by the key areas of cooperation as outlined in the MOU. The key areas include, but are not limited to, the promotion of the IP system as a tool for trade and investment; harmonization of policies, laws, and strategies; promotion of innovation and creativity; strengthening regional and national IP administration systems; and enhancing business competitiveness for SMEs in local, regional, and international markets, amongst other areas of collaboration.

**Cabo Verde: Cabo Verde and EUIPO forge new IP cooperation agreement<sup>2, 3</sup>**

A Memorandum of Understanding (MoU) between The European Union Intellectual Property Office (EUIPO) and Instituto de Gestão da Qualidade e da Propriedade Intelectual (IGQPI) was signed to strengthen cooperation and reinforce an efficient IP system in Cabo Verde. The EUIPO has committed to supporting Cabo Verde in bringing its national IP framework in line with regional and international standards. The MoU confirms Cabo Verde's intention to integrate the European Union Intellectual Property Network tools, i.e., TMClass, DesignClass, TMview, and DesignView.

**Nigeria: Nigeria and EUIPO sign MoU to strengthen IP collaboration<sup>4, 5</sup>**

The Nigerian Federal Ministry of Industry, Trade and Investment (FMITI) and the European Union Intellectual Property Office (EUIPO) signed a Memorandum of Understanding (MoU) to strengthen cooperation and bolster the institutional capacity of the IP system in Nigeria. The MoU confirms the intention of the Trademark Registry of the FMITI to integrate the European Union Intellectual Property Network (EUIPN) tools, i.e., TMview and TMclass in its systems. The FMITI and EUIPO will cooperate to align trademark examination practices, share IP management experience, and develop joint initiatives in areas of enforcement, IP awareness, and education.
