

LEAP 2025 - List of exhibitors at Japan Pavilion

Company Name	Corporate Logo	Website	Business Overview
AVITA,Inc		https://avita.co.jp/en	AVITA Inc. is a pioneering startup born at The University of Osaka, specializing in Avatar and generative AI technologies. With a robust foundation of over 70 patents and exceptional technical expertise, our CEO is spearheading large-scale collaborations with Dubai Future Labs, driving innovation on a global scale.
EDGECORTIX INC.		http://www.edgecortix.com/en/	A fabless semiconductor company specializing in power-efficient, edge AI processing for Generative AI workloads. Our products serve markets including: defense, aerospace, smart city, telecommunications, manufacturing, and robotics. Headquartered in Tokyo, with a global presence in India, Singapore, and the United States.
IDDK Co., Ltd.		https://iddk.co.jp/app-def/S-102/iddk_wp/	IDDK is a Japanese startup dedicated to democratizing access to space and microgravity research. We specialize in developing the Micro Imaging Device (MID), an innovative one-chip microscopy solution that eliminates the need for bulky optical lenses. This revolutionary technology enables lightweight, compact, and precise observation capabilities, even in challenging environments such as space.
LocationMind Inc.		https://locationmind.com/top-page-e/	LocationMind is a technology venture of Shibasaki laboratory of the University of Tokyo, which has been conducting research at the forefront of spatial information engineering and is also a group of engineers with a wide range of advanced technology sets related to location information. When, What, Why, and What should we do? We challenge the universal issues of various industries and institutions through location information.
XANA LLC		http://xana.net	Giving everyone "another self" and "another place to be" XANA is the No. 1 Web3.0 metaverse in Japan and No. 3 in the world that utilizes AI. Anyone can easily create avatars, spaces, and games, buy and sell assets, and provide another world where they can become who they want to be and realize their potential.
