Certification of Japanese Food and Ingredient Supporter Stores Overseas

“The Certification of Japanese Food and Ingredient Supporter Stores Overseas” program was established by the Japanese Ministry of Agriculture, Forestry and Fisheries (MAFF) in 2016. It is to certify restaurants and retail stores around the world who actively use food products or alcoholic beverages made in Japan as “Japanese Food Supporters”, and work to promote their appeal to a broad range of people.

JETRO, or the Japan External Trade Organization, is a government-related organization that works to promote mutual trade and investment between Japan and the rest of the world. Currently, we have 49 offices in Japan and 76 offices in 55 countries around the world.

The office in Vientiane was established in 2014 and focuses on the following four areas: basic research on the economy and various regulations related to trade and investment in Laos; promotion of overseas exports by Japanese companies; collaboration between international companies including foreign companies investing in Japan; and support for Japanese companies in Laos, including improvement of the business environment.

To promote safe and delicious Japanese food and beverages to the world, the Ministry of Agriculture, Forestry and Fisheries of Japan and the JETRO have worked together by surveying to find restaurants and stores that use raw material or sell products from Japan.

### < Conditions for Restaurants >
