

JETRO Online Business Meeting Program in August (Seafood, Japanese beef, Fruit & Vegetables)

JETRO will send you a list of Japanese participants along with their product information so you can select Japanese companies that you want to e-meet. Each program has about 80 Japanese participants.

JETRO will schedule online meetings based on the preference of buyers and Japanese participants and send web-meeting links.

You can take a connection test with JETRO online business matching secretariat prior to the actual meetings if you are not used to having a web-meeting.

On the day of your meeting, JETRO will provide an interpreting service to those who cannot speak Japanese. Also, JETRO online business matching secretariat will monitor your meetings to ensure that they are trouble-free.
