Weight: 15g

Company Profile

Osaka is famous for manufacturing. Number one for manufacturing for toothbrush as well. We manufacture MISOKA toothbrush in the town. All the toothbrush goes through many checking points and be hand finished by artisans. You can feel the unique smoothness on your teeth. MISOKA collaborate with a local dentist and university to study. We have critical results that help remineralize on the teeth better than the high concentration fluorine. Brushing teeth and protect with moisture, MISOKA provide people a simple way with advanced mineral coating technology to live healthy life.

Products/ Concept

Mineral Coating Technology is treated on the bristle which cleans and gives unique smoothness on the teeth with only water for use. You can train your brushing to trace with your tongue. MISOKA · ISM is the creation of high-quality living, that is friendly to global environment and infused with the essence of craftsmanship. It has unique ultra fine tips on bristle, functional and sensible handle which is an image of water.

Company Profile

UYEDA BISYODO was founded by Mr. Takeichi Ueda in 1945, The primary business was to process and sell the raw hair material. Our business is changed from originally importing the raw animal hair, to producing the head of makeup brush, and now making makeup brushes independently.

Products/ Concept

We offers high quality cosmetic brushes.

The concept of our brand is “Unparalleled masterpieces over 70 years of tradition and experience”.

This collection, the fruit of the efforts of UYEDA BISYODO and the hairbrush technology no one else possesses in Japan, offers exquisitely soft touches and sophisticated finish.
