ICT

Corporate Venturing & Innovation Office

Relocate our corporate venturing and innovation office in U.S. to the Boston/Cambridge area

CVI

(Corporate Venturing & Innovation Office)

Accelerate collaboration with startups and academia and exploration of new business opportunities

Advantages of Boston/Cambridge area

- One of the World's largest innovation hubs
- Highest level of concentration of top universities and startups
- Focus on innovative technologies that require long-term commitment, such as drug discovery, biotechnology, materials, and robotics

*CIC : Cambridge Innovation Center

Building truly valuable partnership through strengthening access to the U.S. innovation ecosystem

Expanding CVI's footprints in West Coast and UK

II

Accelerate the Development of Next-Generation Businesses:

Establishment of Our Innovation Ecosystem

Change & Innovation 3.0: For a Sustainable Future

Enhance our Corporate Venturing & Innovation Offices (CVIs)

- Open new offices on the West Coast in U.S. and at Cambridge, U.K., following the Boston office
- Accelerate exploration of and collaboration with startups and academia at three offices

* Cambridge Display Technology

Strategic Focused Area: Healthcare and Food
