Tokyo One-Stop Business Establishment Center

Integration of procedures for establishing business by overseas-affiliated companies in one location

The Tokyo One-Stop Business Establishment Center has been jointly established by both the Japanese Government and the Tokyo Metropolitan Government on the same floor as JETRO IBSC. The center provides assistance with completing applications and other procedures required when starting a business, including those for certification of articles of incorporation, company registration and notification of incorporation, taxes, social security, and immigration in one place. The center will also provide interpretation and translation services in multiple languages.
