Company outline

Our brewery name 'KANEMASU' is based on an idea since the founding "to measure the length with a steel ruler , and the volume with a square wooden cup". This means that we brew (or disttile) with accuracy and do the business with honesty. And also it expresses the icon of the crest mark. The brewery is blessed with cool and clear soft water flowing out of the IIDE Range and raw material rice also made by our sake-master himself.
