Main body, charcoal pit: steel (acrylic resin baked finish), side handle: electrogalvanized steel plate, legs: nylon.

## Selling point

• Easy to carry around: Our hibachi grill is compact, slim, and can be neatly stored! • Multipurpose function: standard bbq, yakitori (skewers) bbq, japanese style grilled fish. • Easy to add and remove charcoal: With conventional BBQ grills, to add charcoal while cooking you have to move the food onto a plate, take the grilling grate off with tongs, then add the charcoal. To limit the amount of work, we made the structure of this hibachi grill convenient and hassle-free! Just by lifting the handle, you can easily move the grilling grate to add or remove charcoal without having to take anything off!
