MAKANAI means 'cooking' in Japanese. It also means 'unrolled,' which refers to the edge of the stainless-steel bowl that is usually rolled. The unrolled edge prevents residue from building up, making it easy to keep clean. The Manakai tray can be used with the bowl or on its own and enables you to store food in the refrigerator, prepare ingredients while cooking, or to even use as a plate for eating. The MAKANAI Round Tray is the winner of the Good Design Award 2018.
