Baby Sleep Trainer

CES® 2021 Innovation Awards honoree

🐑 The world's first AI powered sleep trainer.

🤝 Joint research and development of child care big data.
We are working with the National Center for Child Health and Development (NCCHD), one of the most prestigious childcare research centers in Japan.

👶 CryAnalyzer's AI has already been used by more than 150,000 babies in over 150 countries and regions worldwide. Accuracy of analysis is over 80%.
