

## JETRO Zone in “FOODEX JAPAN 2020”

### Supported countries/regions and JETRO Offices

\* JETRO applies the latest version on the list of official development assistance (ODA) recipients for 2018, 2019 and 2020 flows published and reviewed by the Development Assistance Committee (DAC) of the Organization for Economic Co-operation and Development (OECD).

\* Economies which organized a national pavilion in FOODEX up until FOODEX JAPAN 2019 are excluded as “Not Supported Economies”.

\* For those companies whose countries decide to host a national pavilion after they applied, JETRO may request them to apply for participation in that national pavilion instead of JETRO Zone.

\* Please click the place name of the JETRO overseas offices or visit the URL below to see the contact information of each JETRO Office (<http://www.jetro.go.jp/en/jetro/worldwide/>).
