

Togami Electric Mfg. Co., Ltd.

1-1 Ohtakara-Kitamachi, Saga

Basic Information

Industry	Manufacturing
Company Profile	Togami Electric Mfg. Co., Ltd., located in Saga Prefecture in Kyushu, was established on March 12th, 1925 and is celebrating our 100th anniversary this year. We specialize in manufacturing and sale of electric power distribution and control equipment and apparatus. We are committed to contributing to a stable power supply in Japan and are expanding our reach worldwide, especially in the United States of America.
Major Country and Regions of Interest	United States of America
Business Activities	Togami Electric manufactures and sells electric power distribution and control equipment and apparatus in the low-to medium-voltage range, such as load break switches, its controllers, switchboards, magnetic contactors, and relays. Our customers are electric power utilities, renewable power generating facility developers, HVAC manufacturers, etc.
Company PR	We are seeking highly motivated individuals to join our team as sales, marketing, and/or electrical engineer to expand and develop our electric power industry business in the United States. You will have the opportunity to travel to the United States and visit customers, discuss products, and collect information and data necessary for our product and service development. If you are a native English speaker with excellent negotiation skills, we would like to hear from you.
