

Hattori Kogyo K.K

183 Azukizaka, Hane-Cho, Okazaki, Aichi

Basic Information

Industry	Manufacturing
Company Profile	<p>Hattori Kogyo K.K., founded in 1885, is a Japanese company with over 140 years of experience in manufacturing and innovation. As part of the Hattori Group, we aim to solve social issues through the “Hattori Way,” combining technology with community impact.</p> <p>In addition to kitchen equipment and automation, our group operates a kindergarten, a Japanese language school, a food service center, cafés, sports programs, and a community radio station. With a diverse, globally minded team, we promote innovation across food, education, and wellness—bridging tradition and the future to support local and international communities.</p>
Major Country and Regions of Interest	India, United States of America, Africa
Business Activities	<p>Hattori Kogyo K.K. specializes in the design and development of automated cooking machines, offering advanced kitchen solutions for commercial food operations. Our products are engineered to address global issues such as labor shortages and food standardization. Currently, we export to over 25 countries and are actively seeking to expand our presence through fearless global initiatives.</p> <p>We are looking for engineers who can lead the future of food automation, and global talents with an entrepreneurial mindset to open new markets. Our vision is to become a truly global innovator in kitchen technology from Japan, combining technical excellence with agility and ambition.</p>
Company PR	<p>(1) Private Japanese lesson training is available for those who wish to take it.</p> <p>(2) Training gym and company housing are available for employees. Lunch and rent subsidies are available.</p> <p>Founded in 1885, the company has the largest share of the national market for commercial kitchen equipment for school and hospital lunches, and has exported its products to about 20 countries overseas. Our global staff is actively expanding our overseas market share by using IT and SNS. We are also looking for global human resources who are willing to take on new challenges with the idea of supporting foreign human resources with an entrepreneurial mindset.</p>
