## Water and Hygiene in the Disaster – Disaster Response with Local Governments

Since 2016, “more than 10,000 people” have used our water recycling plants in the disaster areas.

At the request of the Japanese government, we supplied & treated water to about 9,000 people in Nagano City for about 2 months during water outage in Typhoon Hagibis.

Portable Hand-Washing  
Stand  
WOSH

Hand-washing with running water without access to plumbing and smartphone sanitizer are the new hand hygiene standard.

Controlled by AI, WOSH reuses 98% of water. No plumbing required, WOSH can be placed anywhere.

WOSH eliminates 99.9% of germs, bacteria and viruses on your “third hand” smartphone with deep-UV light.
