NTT-AT's Five Growth Drivers & Technical Field

1. Total Solutions

Consulting & Design, Development & Build
Operation & Maintenance,

Evaluation for Network System,
Network Product Sales, 5G

2. Security

ICT-24 (24by7), NOC, SOC

Computer Security Incident Response Team
(Security Specialists)

5. Global

Product & Solution Sales
Cutting-edge Products, Fiber
Optics, Nano Technology,
Environment Materials

3. Cloud & IoT

New Services & Solutions
for Industrial, Healthcare
Disaster Risk Management

Rapid Application Development, DevOps,
Distributed Technologies

4. AI & Robotics

BIG-data Analytics, Deep Learning,
Intelligence Process Automation (IPA)

Chatbot, Natural Language Processing
Text/Voice/Image Recognition

IOWN

All photonics network
Environmental Energy, Wireless
IOWN device development

IITH and NTT-AT signed MOU

NTT-AT signed an MOU with IITH in April 2019.
The photo is former President Desai and President Kimura.
Based on the MOU, we will start creating new technologies in NTT-AT's business areas and exchanging information in IITH's advanced technology research areas.

Human Power and Technology

News Release

April 12, 2019

NTT Advanced Technology Corporation

Indian Institute of Technology Hyderabad and NTT-AT signed MOU to accelerate industry-academia collaboration

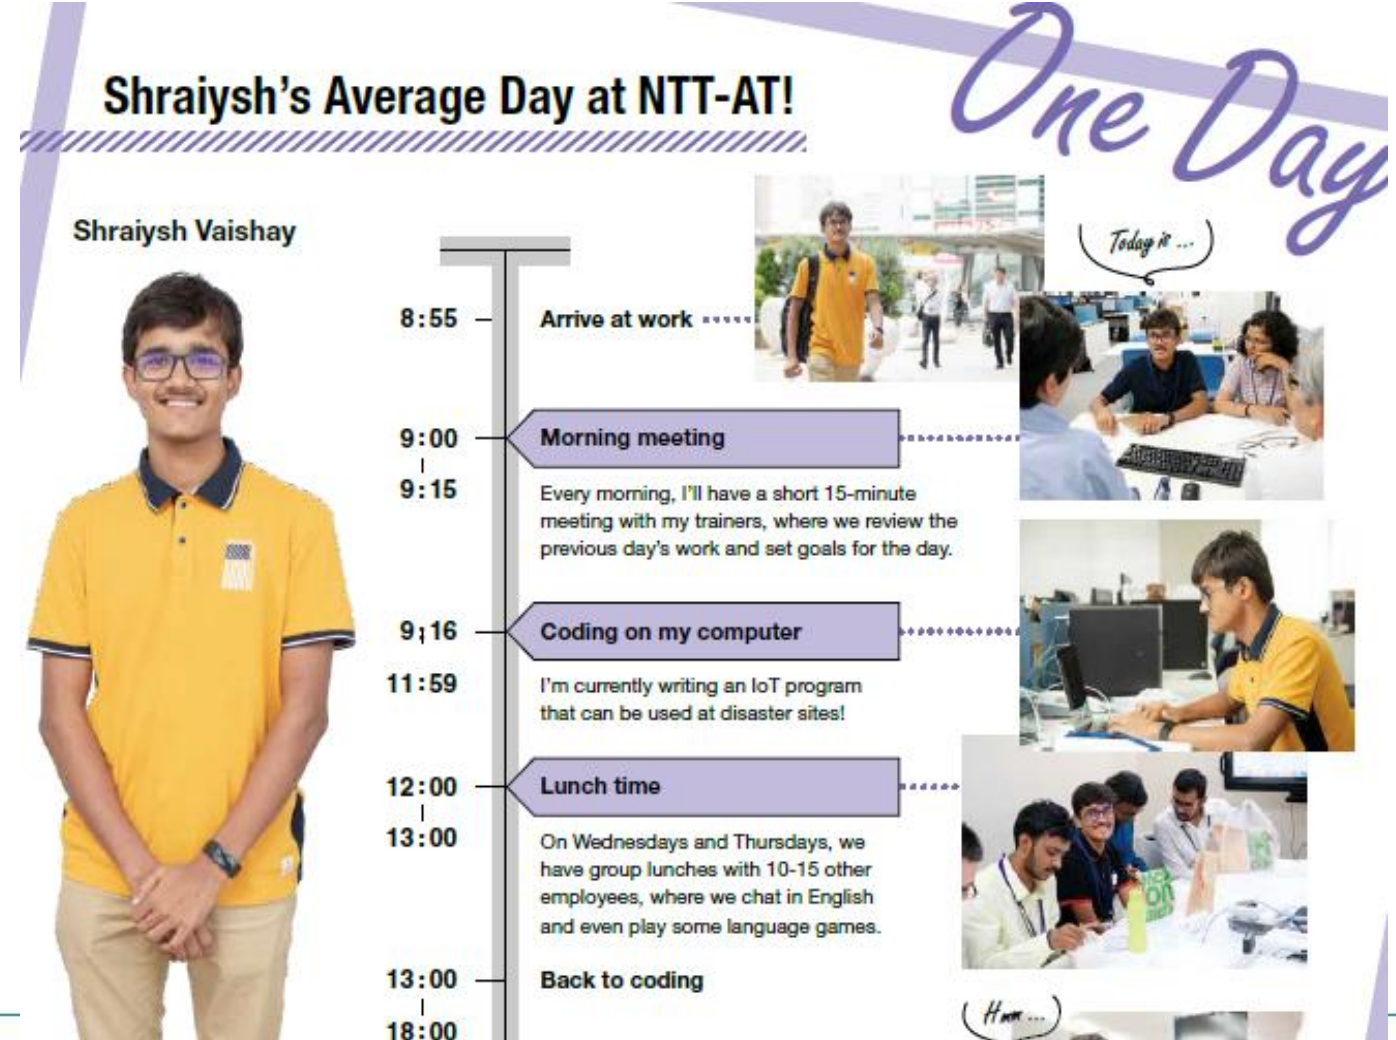

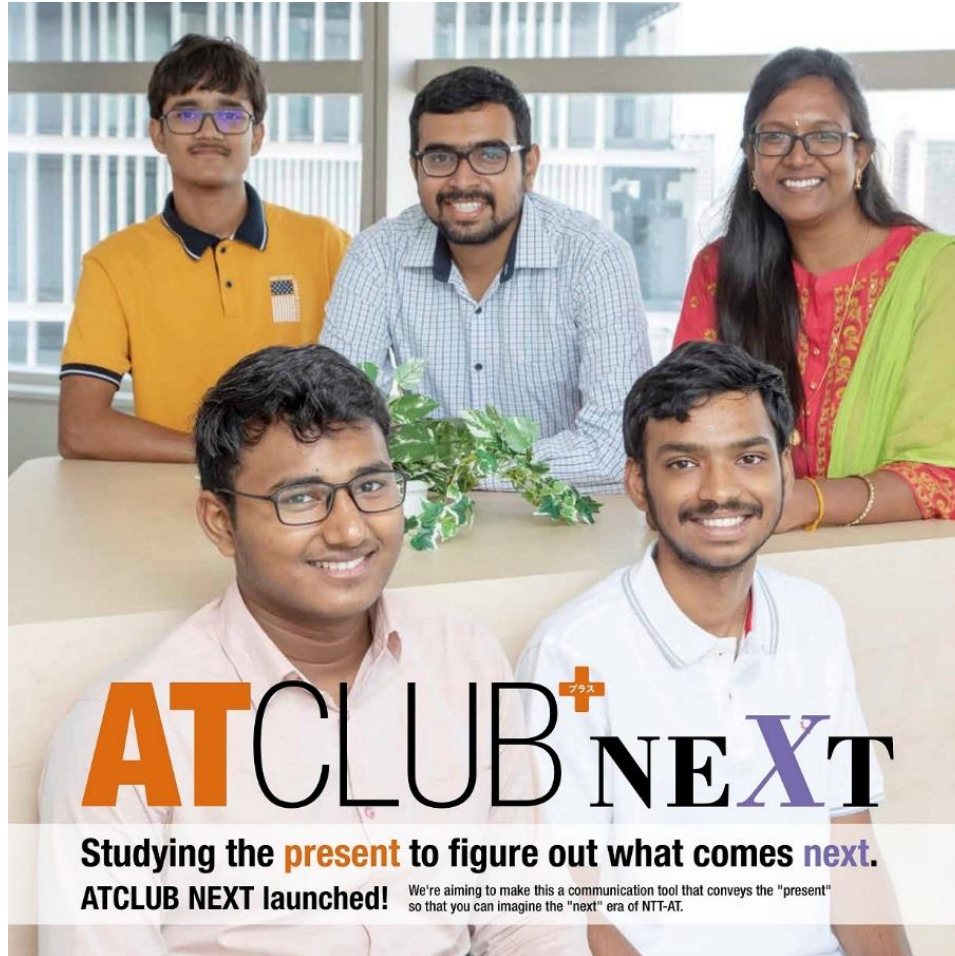

NTT Advanced Technology Corporation (NTT-AT, Headquarters: Kawasaki City, Kanagawa Prefecture, President and CEO: George Kimura) and the Indian Institute of Technology Hyderabad (INDIA, IITH, Telangana, Director: U. B. Desai) signed a Memorandum of Understanding (MOU) on April 4, 2019, to accelerate industry-academia collaboration between IITH and NTT-AT through information exchange, joint research, and human resource exchanges concerning advanced technologies.

IITH students as interns 2019

Last year, Five IIT-H students chose to visit NTT-AT as intern for two months. NTT-AT appreciate their joining our internship program. This year, Seven IIT-H students participated in online internship. Internship interview : <https://youtu.be/MwCScGQsluU>
