# Three Advanced Research & Business Areas

Kashiwa-no-ha Area

North-Chiba  
Highway

Narita International  
Airport

Haneda Airport

KEN-O  
EXPWY

Tokyo bay  
Aqua Line

Makuhari New City

Kazusa Akademia Park

# Kashiwa-no-ha : Hub for Top Research Institutes

The core facilities in this area

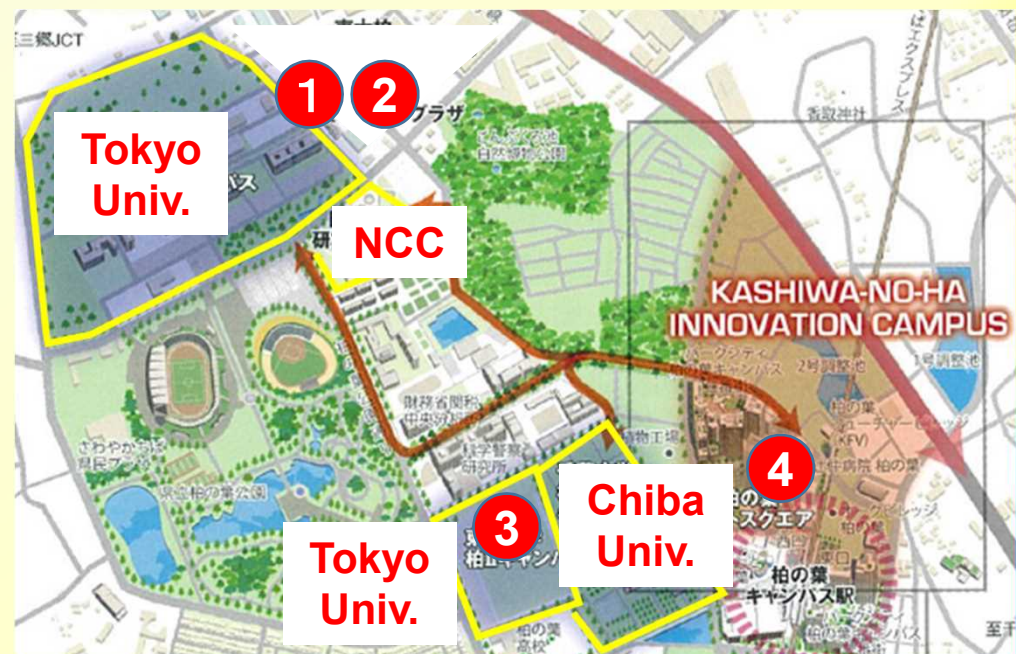

- The University of Tokyo Kashiwa Campus
- Chiba University Kashiwanoha Campus
- The National Cancer Center Hospital East

The base facilities that support researchers & start-up companies

- 1 Tokatsu Techno Plaza
- 2 Todai - Kashiwa Venture Plaza
- 3 AIST Kashiwa Center
- 4 KOIL Office by & MITSUI FUDOSAN

**Tokatsu Techno Plaza**

# Kazusa : Leading Biotechnology Research & Industry Hub

The extensive site is home to research and development facilities that have achieved world-class results.

- Kazusa DNA Research Institute
- NITE Biotechnology Center
- Kazusa incubation facilities

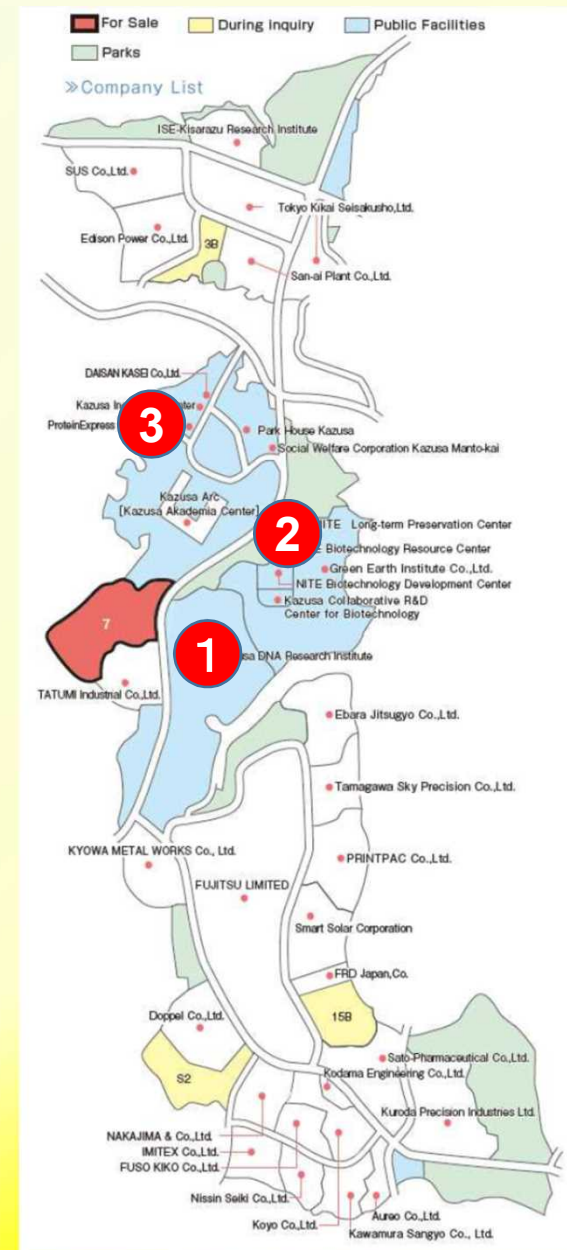

## 1 Kazusa DNA Research Institute

## 2 NITE

## 3 Kazusa incubation Center

# Featured Startup Companies in the Healthcare/Medical field

The following companies are tenants of Tokatsu Techno Plaza and Todai-Kashiwa Venture Plaza

Company Name	Technology
Algal Bio	Providing an algae bio-foundry platform with an intensive algae strain library multiplied with diverse screening and cultivating technologies for applying algae in all industries and applications.
Asahi Surgical Robotex	Development of surgical robot technology for laparoscopic surgery.
Jmees	Development of an AI surgical support system using surgical video analysis technology.
Surg storage	Visualizing Healthcare and Delivering Optimal Information. Clinicians, researchers, and healthcare companies rely on big database that includes thousands of surgeries to learn faster and smarter care for all patients.
Intelligent Surfaces	Development of materials and technology to enable coating of MPC polymers with excellent biocompatibility by molecular design and coating method according to various material surface.

# Featured Local Companies in the Healthcare/Medical field

The following companies are member of Chiba Medical Network.

Company Name	Location	Field	Business
Hirata Precisions	Kamagaya City	Medical Equipment (Diagnose)	Manufacture of medical devices(surgical instruments for endoscopic surgery), etc.
SEIKOH GIKEN	Matsudo City		Product development based on precision processing technology
NITI-ON	Funabashi City		Engaged in medical safety and reprocessing improvement and development of MIS instruments.
I・Medex	Chiba City		Manufacture and sale of medical devices (electrode pads for noise-resistant wearable biometric sensors), etc.
OX Engineering	Chiba City	Medical Equipment	Medical Equipment Manufacture of wheelchairs

# Support for Your Success

## ① Subsidy for Rent

Category	Subsidy amount	Subsidy limit
Office and facility leases	one-third of annual rent fee	1.8million yen (with 5 or more employees)

## ② Subsidy for companies locating in Chiba prefecture

Category	Subsidy amount	Subsidy limit
Head offices	<ul style="list-style-type: none"> <li>▪ Amount equivalent to real estate acquisition tax of the building</li> <li>▪ Amount equivalent to fixed</li> </ul>	1 billion yen
Research institutes for natural sciences		
Plant Facilities locating in Industrial Parks (limited to specified parks)		
Cooperation with Municipalities Program for plant facility and distribution processing facility	▪ Amount equivalent to real estate acquisition tax of the building	100 million yen
Job Creation Support	<ul style="list-style-type: none"> <li>▪ Permanent employees: 50,000 yen / person</li> <li>▪ High skilled personnel: 300,000 yen / person</li> </ul>
