

Regional Information: Industrial Cluster Information Aircraft

Niigata city

Development of high value-added products utilizing the technologies of machinery and meal-related industries
Supporting the aircraft industry as a next-generation industry

Yamagata

Development of eastern Japan's leading manufacturing technology base possessing a broad cluster of high quality, high precision technologies that entails large surrounding industry.

Niigata

Industry clusters exist for metallic product fabrication, electronics and mechanical manufacturing, general machinery manufacturing and other areas.

Akita

Support through collaboration with the electronic device industry, and opportunities provided by Akita Port, Japan's gateway to Far East Asia

Shiga

A major industrial complex of the manufacturers of solar cell and lithium-ion batteries

Tochigi

Major Japanese automobile manufacturers and aerospace companies concentrated in Tochigi Prefecture have established the Tochigi Auto Industry Development Association and the Tochigi Aerospace Industry Promotion Association.

Tottori

Boasts western Japan's largest cluster of electronic devices and ICT equipment firms.

Shizuoka

With optical technologies as the core technology, enterprises in Shizuoka Prefecture are pushing ahead with the development and practical application of basic technologies to support next-generation industries.

Saijo city

It is easy to ensure the industrial water in the city, and the logistics network is well developed. There are highly-skilled enterprises near the city.

Aichi

Aichi possesses a concentration of next-generation automotive and automotive-related companies which is among the largest in the world.

Aichi has one of the largest aerospace industry concentrations in Japan.

Mie

Support for the establishment of Asian production bases of foreign-affiliated companies with advanced technologies

Kitanagoya city

It is suitable for the establishment of enterprises such as the aerospace industry, as Komaki-Minami factory of Mitsubishi Heavy Industry, the Mitsubishi Regional Jet's (MRJ) final assembly factory, and the aviation experiment base of JAXA locate in neighboring areas.

Tsushima city

Because Tsushima City is located at the center of an aircraft industry hub including Kagamihara, Komaki and Nagoya City, it ensures great accessibility and is suitable for locating a company.

Kiyosu city

International strategic zone, set up for aerospace industry originally in Aichi and Gifu prefecture, has been spreading its area to Mie, Nagano and Shizuoka prefecture.
