

Japan-Africa Business Forum special session

Japanese SME Showcase: meet the Japanese excellence Outline (tentative)

With continued growth expected going forward, Africa is no longer a frontier market for Japan's large corporations alone.

Developing African business has also become a viable option for small and medium-sized enterprises (SMEs) to further expand their business.

This special session spotlights Japanese SMEs seeking business opportunities in Africa to introduce their unique products and services. Delegations from African countries are warmly welcomed.

1. Date: Friday August 30, 2019
2. Venue: Pacifico Yokohama Exhibition Hall B (seminar room B02)
3. Organized by: JETRO
4. Language: English-French-Japanese (simultaneous translation)
