Questionnaire
1. This survey is conducted annually to understand the business activities of Japanese-affiliated Firms (i.e., companies with over 10% of Japanese direct/indirect investment ratio). As the objective of the survey is to ask business environments, we kindly ask you to answer from local subsidiary’s point of view. Please note that “your company” refers to the local subsidiary (or local branch office) in this survey.

2. No individual company information will be publicized as your answers will be dealt as statistical figures.

3. If you should have any technical problems, please contact the persons below. Any questions regarding the contents of the survey, please contact your local JETRO office.
