U02 SANRIKU CORPORATION Co., Ltd.

Major Export Destination Thailand, Philippines, Singapore
Certification Seafood HACCP(US)

SANRIKU DATE Whole-Shell Oyster (For SASHIMI)
 SANRIKU DATE Oysters are produced on the SANRIKU coastline which is abundant with various planktons and is rich in nutrition from the local forest. The oysters are frozen with cutting-edge technology to retain freshness and can be eaten raw. Enjoy the incredibly large oyster and rich & milky flavor of the SANRIKU DATE Oyster.

SANRIKU Swordfish Belly Portion (For SASHIMI)
 SANRIKU Swordfish is caught in the SANRIKU fishing grounds. This area is renowned as one of the three major fishing grounds of the world as it is where warm and cold currents meet attracting immensely diverse fish. The swordfish is frozen using cutting edge technology. Enjoy the fresh and fatty 'SASHIMI' as it melts in your mouth.

Frozen Scallop Meat
 Frozen 'SASHIMI' Scallops are harvested from Sea of Okhotsk, where the water is cold and full of minerals; the perfect environment for raising scallops. Our 'SASHIMI' scallops from the Sea of Okhotsk are rich in taste. They can be eaten raw as 'SASHIMI' as well as cooked in many other dishes.

Frozen Boiled Scallop
 Boiled scallops are an all-purpose ingredient. Not only the scallop meat, but also the frills and roe can be used for the cooking.

Frozen Unshelled Oysters
 Our frozen oysters are made by using carefully selected seasonal HIROSHIMA oysters of the finest quality. To attain the finest quality, we communicate with our contract farmers to catch oysters at their peak of glycogen and taurine for the best taste possible.

Frozen Shelled Oysters
 Our OKU frozen oyster, with a plump texture, sweetness, and rich taste is for eating raw. The delicacy is made by brackish water from SETO Inland Sea, CHIKUSA River, and YOSHII River. We've adopt our own norovirus removal system to present safe frozen oysters for eating raw.

Takefuseimen Co., Ltd.

Fresh ECHIZEN GOWARI SOBA PC5-100

'GOWARI-SOBA' (50% buckwheat flour and 50% flour) with rich flavor is made by milling buckwheat seed grown at our directly run farms in HOKKAIDO or FUKUI. The noodle itself is unique in FUKUI; slightly thick. This distinctive noodle makes the texture chewy and the flavor rich, like a traditional SOBA.

Fresh Japanese Green Tea SOBA PT-100

The SOBA noodles are made of 30% buckwheat flour and 70% flour, with green tea (MATCHA) powder from KYOTO. The MATCHA flavor is modest. The thin noodle itself sharpens the flavor.

Address 7-37, Makara-cho, Echizen-shi, Fukui, 915-0005 JAPAN

Japanese Beef (Half WAGYU) 'KAMUI GYU'

KAMUI beef is an authentic crossbred cattle beef produced in Japan. It pursues a taste and flavor as close as possible to 'WAGYU' (Japanese beef). We can deliver the beef meat quality which is as close to 'WAGYU' as possible at a very reasonable price.

Japanese Beef (WAGYU) 'KAGOSHIMA WAGYU'

Reliable, safe, and delicious 'KAGOSHIMA WAGYU' is the best brand that KAGOSHIMA boasts to the world. Beef from 'KAGOSHIMA WAGYU' is delicate and tender. It has a melting taste due to marbled fat with a very low melting point known as unsaturated fatty acids. The tender meat and savory flavor are distinctive to this brand.

W07 YAMAGATA International Economic Development Support Organization

The YAMAGATA International Economic Development Support Organization (YAMAGATA Export Support) is an organization that specializes in supporting the development of YAMAGATA businesses overseas. It was established in July, 2012 after the development of YAMAGATA Prefecture's "International Economic Strategy" in March, 2011. Additionally, under this same strategy the Harbin office was established in October, 2011 (with our organization as the parent company). With the goal of encouraging trade and promoting internationalization and stimulation of foreign business, this international organization brings together the industrial world, affiliate companies, the government, etc. to support the development of international dealings for our prefecture's businesses.
