

**JETRO and Japanese biotech SMEs are attending the BIO-Europe 2017,
join us at booth #79!**

JETRO is participating at the BIO-Europe 2017, the biggest bio-business matching event in Europe. We bring mid-sized growing Japanese bio-pharma companies to Berlin!

If you are interested in advanced technologies in fields like drug discovery, regenerative medicine, medical technologies, please visit our booth for business talks with the Japanese companies specialized in each segment.

At our booth, we are providing information about the attending companies as well as about the JETRO services. See the list of attending companies (as of Sept. 13):
