

E-World 2024

Fukushima Showcase Webinar

7 February 2024

9:00 – 9:40 CET

Fukushima to the (E)-World and How to Enter the Japanese Market

Fukushima Prefecture is proud to promote three of our innovative renewable energy SMEs who will exhibit at E-world 2024. This webinar will provide you an opportunity to get to know these companies before meeting them at Europe's leading energy trade fair. In the latter half of the webinar, our valued partner, 2G Energy will provide useful insights on how to enter and do well in the Japanese renewable energy market.

We look forwards to welcoming you to our webinar!
