

Fukushima – NRW

The 4th Renewable Energy Seminar

Fukushima Prefectural Government has promoted introducing renewable energy and fostering related industry to become “a Front Runner in the field of Renewable Energy” and has concluded a Memorandum of Understanding with the state of North Rhine Westphalia, Germany.

At this special seminar, Fukushima Prefectural Government wishes to create new business opportunities for enterprises in both regions by actively publicizing the measures of the prefecture in the field of renewable energy to people in Germany, and introducing the corporations in both regions and the activities of companies in Fukushima.

We look forward to having you join us.
