

AI industry in Japan before / with / after COVID-19 with briefing on COVID-19 and Economy of Japan

The COVID-19 pandemic is causing massive disruption to economies, businesses and markets across the world. JETRO is going to hold a series of webinars featuring COVID-19 situation/macroeconomic status as well as the current situation/impacts to the selected industries in Japan. Join our webinar to get updates about the current situation in Japan.

■About the event:

- Date: Thu, 28th May AM 9:00 - 10:00 (GMT+1) / PM 5:00 – 6:00 (JST)
- Language : English
- Free of charge
- Register: https://zoom.us/webinar/register/WN_hDPrgEILRWmQFGsZR3Up2w
- Topics:
 1. COVID-19 and Economy of Japan (Yuta Nagasaki) 15mins + Q&A
 2. AI industry in Japan before / with / after COVID-19 (Tatsuya Nagata) 15mins + Q&A
- Speakers Profile:

- Nagasaki Yuta, Invest Japan Promotion Division, Invest Japan Department, JETRO

Nagasaki Yuta is a researcher of Invest Japan Department at the Japan External Trade Organization (JETRO). His research focuses on inward foreign direct investment in Japan and covers a wide range of related topics including the business environment as well as business operations of foreign-affiliated companies in the country.

- Nagata Tatsuya, AI advisor at JETRO

Nagata Tatsuya is the COO of Navier Inc., an AI startup developing cutting-edge image processing solutions based on deep learning. He oversees Navier's strategy planning, finance, and business development. He has been AI Business Advisor of JETRO since 2019. Prior to current roles, he was in charge of investment in early-stage AI startups globally, as an investment professional of DEEPCORE Inc., SoftBank's VC arm specialized in AI. He earned a bachelor's degree of science (mathematics) from The University of Tokyo and an MBA from INSEAD.

■About upcoming webinars:

We JETRO are planning a series of on demand webinars as follows. For all these webinars, the first part of the webinar (COVID-19 and Economy of Japan) will be the same.

-10th June: COVID-19 and Economy of Japan and Digital & IT

-17th June: COVID-19 and Economy of Japan and Open Innovation

-24th June: COVID-19 and Economy of Japan and Life Science

※All webinars will start at 9:00AM (GMT+1)/ 5:00 PM (JST).
