**JAFEX was specially created within  
Trade Tie-up Promotion Program (TTPP)  
which is an international business matching site operated by JETRO.**

- ✓ You can search for Japanese agricultural products and foodstuff which are ready to be distributed internationally and easily contact distributors.
- ✓ You can register business proposals to communicate your needs to Japanese producers and food makers.

# Registration is two simple steps!

First, complete your “User Registration” on TTPP.

<https://www.jetro.go.jp/ttppe>

⇒ 〈User Guide〉

## Step1 User Registration for the TTPP

Enter basic information required for your registration as a TTPP user. Upon completing provisional registration, you will be notified of your user ID and password through e-mail from TTPP.

\*JETRO checks user information for each provisional registration. Final registration is confirmed after completion of this check.

## Step2 Business Proposal Registration

Log in to the TTPP website with your user ID and password. Enter business proposals according to your needs and register your form.

\*JETRO also checks each Business Proposal Registration. Please see the User Guide on the TTPP website for details.

Registration for **JAFEX** is automatically complete upon registration for TTPP.

## Completion of registration

Upon completion of JETRO’s check, your business information will be instantly delivered through the TTPP website to business people in Japan and around the world.

Business proposals can be searched for by category.
