(2014 data)

OKINAWA

JETRO Food Business Meetings will be held on the sidelines of the Great Okinawa Trade Fair, one of the largest international food business meeting sessions in Japan.

The Food Business Meetings provide you with a perfect business opportunity, since this is where many producers of agricultural and marine products and food processors gather, not only from Okinawa, but from all around Japan.

Last year, more than 200 suppliers from 30 of the 47 prefectures in Japan came to Okinawa for business meetings to market their food products.

The venue, located amidst the abundant nature of Okinawa, will be packed with buyers from Japan as well as other countries from Asia and ASEAN.

We hope you will attend to learn more about the attractive and delicious foods that Japan has to offer!
