

	Company	URL(EN)	Employees	Products / Technologies	Business in Germany	Ziele der Teilnahme an der Delegationsreise	Suche nach...	Kernkompetenzen / Mehrwert für den Kunden	Kunden
1	LION POWER CO.,LTD	only Japanese	102	Various robot systems, various measurement systems, electronics application equipment, development of various software, optical application systems, magnetic lines of force application systems, control panel automatic wiring system		*Geschäftspartnersuche/Kooperationspartnersuche	Kunde, Partnern zur gegenseitigen Nutzung der Vertriebsnetze	The industrial industry, food industry, the railroad industry do various work, and we, please let me suggest an efficiency apparatus mainly on a conveyance technology in the medical industry. From last year, We enter the field of inspection equipment in the medical industry like POCT inspection equipment and, in addition to field of niche product in the conventional medical industry, am active with POCT inspection equipment and a peripheral device.	SHIMADZU / West Japan Railway Company / Sysmex Corp. / SIGUMAKOKI / Komatsu NTC / Shibuya Kogyo
2	SHASHIN KAGAKU CO., LTD	http://www.shashin-kagaku.co.jp/en/index.html	96			*Geschäftspartnersuche/Kooperationspartnersuche *Marketing	Kunde/ Lizensvertragspartnern/ Partnern zur gegenseitigen Nutzung der Vertriebsnetze/Repräsentanten, Agenten oder Distributoren/ Joint-Venture-Partner/ Einfuehrung der Technologie salesnetwork partner, marketing partner, compelementary partner, co-	The important point about this endoscope is to be able to offer high resolution image with extremely thin fiber scope. It is a feasible to provide 2.5mm outer diameter fiber scope with 10,000 pixels as a prototype.	
3	ISHIFUKU Metal Industry Co., Ltd.	http://www.ishifuku.co.jp/english/index.html	299	Sales, buying and refining of precious metals / Manufacturing and sales of: wire, plate, powder for industrial use, thermocouple wire and precious metal products for physics and chemistry, precious metal chemical compounds, catalysts and allied products for fuel cell, insoluble electrodes, electronic and communication parts, precious metal products for dentistry		*Geschäftspartnersuche/Kooperationspartnersuche *Marketing	Kunde/ marketing partner, compelementary partner, information exchange	The outer diameter of platinum ring electrode ranges from 0.0118 to 0.2500 in. The lowest wall thickness of 0.0006 in is possible. By reducing them you can expect to minimize the total cost. Burr removal, mirror finishing, and rounding, these options contribute to the improvement of quality and rise in the yield rate. We are also able to meet short-term delivery, and able to respond flexibly even to small test batch orders, in line with the customer's development process.	DENSO / NGK Spark Plug / ASAHI INTECC / JAPAN LIFELINE / GOODMAN / Fukuda Denshi
4	NOGAMIGIKEN CO., LTD.	http://www.nogami-gk.co.jp/en_gaiyou.htm	62	Precision jigs and dies		*Geschäftspartnersuche/Kooperationspartnersuche *Marketing	Kunde/ Lizensvertragspartnern/Repräsentanten, Agenten oder Distributoren/marketing partner, compelementary partner, co-R&D partner, information exchange	Nogami's stamping die and cutter can stamp out or cut the thin and soft material, difficult to process, without burrs or deformation, and they are long-life. Two techniques cultivated since company's foundation: ultraprecise grinding (parallelism & perpendicularity tolerance of 0.0005 mm) and precise assembly in unit of 1 µm, make it possible. Nogami's products make contributions to improving the quality in R & D and the productivity in production line.	Japan : TOYOTA / NISSAN / HONDA / Panasonic / NEC / TERUMO Corp. / NIPRO / KANEKA Corp. / AIST(institut) / JAXA(institut) / Kyoto Univ. / Tokyo Univ. / Tohoku Univ. / Kyushu Univ. abroad : BMW / BOSCH / BASF / VARTA / Ford / TESLA / Fraunhofer (DE) / DIR / DESY / Le Centre CEA de Saclay (FR) / Argonne National Laboratory (USA)
5	M.TECH Co.,Ltd	http://www.m-tech61.com/	30	Precise cutting technology	MATS TECH GmbH (Düsseldorf)	*Geschäftspartnersuche/Kooperationspartnersuche *Marketing	Kunde/Repräsentanten, Agenten oder Distributoren/compelementary partner	We specialize in precision cutting and micro-machining using a CNC lathe. Especially in micro-machining, we are capable of high precision machining such as shaft diameter Φ0.05 × 1 mm using the micro NC lathe developed by ourselves. We aim to complete all cutting by CNC lathe and lower cost by man-hour reduction, adding high value by improving the accuracy. Our high technology has been admired outside of Japan as well as domestic.	Hitachi Automotive Systems Mitsubishi Electric Corporation Valeo
6	Sugino Machine Limited	http://www.sugino.com/index-g.html	1350	precision machining technology	participation from Europe (as German representative of Sugino)	*Geschäftspartnersuche/Kooperationspartnersuche *Marketing	Kunde/ Lizensvertragspartnern/ Partnern zur gegenseitigen Nutzung der Vertriebsnetze/ Joint-Venture-Partner salesnetwork partner, compelementary partner, co-R&D partner	Since we were founded in 1936, constantly create a variety of creative techniques, including the world's leading water jet technology, and respond to various requests of customers. Our production and sale of applicable equipment also in the medical field, and have 15 offices in the world 10 countries.
