Invitation to Osaka Port Seminar in Manila

Dear Sirs/Madams,

We would like to take the opportunity to express our sincere appreciation for your understanding and cooperation for the development of Osaka Port.

Osaka Port has developed as an international trade port with industrial and financial development in the Kansai area. We are working actively on further development through improving port facilities and carrying out port sales.

As we are very interested in Southeast Asia, especially in the Philippines which recently has been making remarkable progress in the economy, we are pleased to inform you that we are going to hold an "Osaka Port Seminar" this year in Manila to introduce the overview of Osaka Port and merits of using Osaka Port for promoting trade between the Philippines and Osaka Port. Information exchange meetings will be also organized for making social networks among the participants after the seminar, so that the seminar will be helpful for your future business.

We are sending this invitation letter to companies having production sites or business offices in the Philippines and/or having some business relations with companies related to the Philippines. We would appreciate it if you could inform the relevant departments of your company/organization about the invitation.

We eagerly await your participation in the seminar.

Sincerely yours,

Junya Maruyama

Director General, Osaka Ports and Harbors Bureau

Takafumi Kido

President and CEO, Kobe-Osaka International Port Corporation

Kenji Akita

President and CEO, Osaka Port Corporation
