1. A standard booth contains **5Amp Socket 1 Unit** which can apply with electrical appliance only, not for lighting.
2. There are two main power supply circuits: the Lighting Power Circuit (Sections A, C & D) and the Exhibit Power Circuit (Section B) . All electrical installations must strictly conform to the safety regulatory standards without exception.
3. The standard electricity supply is 110V, 220V or 380V with approximately 10% fluctuation. For the safety of your equipment, please use a stabilizer.
4. All additional sockets must be ordered from the official electrical contractor without exception.
5. Unless otherwise arranged, electricity will be supplied starting **Nov 18, 2019 at 10:00 hrs.** During show day (**Nov 20, 2019 - Nov 23, 2019**) electricity will be supplied 1 hour prior starting of show time as normal practice. Except for **Nov 20, 2019**, electricity will be supplied 2 hours prior starting of show time. In case you require electricity for 24 hrs, please contact contractor at the above address for other requirements. There will be extra charge.
6. All orders must be accompanied with full payment to the below account.
7. Exhibitors will receive a 50% refund for any cancellation made (Section A-E) during set-up time. **Nov 16, 2019 - Nov 19, 2019** There will be no refund for cancellations during show days (**Nov 20, 2019 - Nov 23, 2019**). Please note that VAT 7% is applicable in Thailand and must be included in your payment.
