事務所コメント
(Messages to your potential clients in Japan)

- We have built significant experience in handling IP work for our clients for many years in Cambodia market since 1997 from working through local Cambodian agents and law firms and that has been managed largely by Rouse Vietnam office and Rouse Thailand office.
- We officially opened our Rouse Cambodia practice in 2017 with an office on the ground and a strong network with other Rouse offices in Asia Pacific region, so we can provide better quality services to our clients (including large US and European law firms and companies) in handling their IP portfolio in this emerging market with a high level of skills and experiences with "on-the-ground" practical and commercial know-how.
- We provide a full range of IP services from IP consultancy, prosecution, strategic portfolio management, dispute and enforcement services.
- Our key recent experience includes preparing and filing patent applications for Japanese and Singaporean clients in Cambodia, handling enforcement work for renowned luxury brand companies, advising and representing various clients, including a global leading technology and a world famous audio products manufacturing company, a global motorcycle company, and a multinational sports company, in some of Cambodia's very first opposition and cancellation proceedings against local trade marks.
- We take an active role in supporting the Cambodian Trademark Office to develop its capability in handling disputes, including preparing clear and persuasive submissions and supporting evidence, arranging and attending meetings with examiners to discuss case merits and handling, and actively following up on cases to ensure timely handling and resolution.

Note

** Provided by our Thailand office
*Our team in Vietnam had a dedicated Cambodian helpdesk which developed expertise over 20 years (using Cambodian agents), and this helpdesk is still assisting from Vietnam, but we are gradually expanding the expertise to Rouse Cambodian qualified lawyers and TM agents in Cambodia and building the team.
