(Messages to your potential clients in Japan)

Allen & Gledhill is an award-winning full-service South-east Asian law firm providing legal services to a wide range of premier clients, including local and multinational corporations and financial institutions. Our Firm is consistently ranked as a market leader in Singapore and South-east Asia, having been involved in a number of challenging, complex and significant deals, many of which are first of its kind. Our Firm's reputation for high-quality advice is regularly affirmed by the strong rankings in leading publications, and by the various awards and accolades. With a growing network of associate firms and offices, we are well-placed to advise clients on their business interests in Singapore and beyond, on matters involving South-east Asia and the Asian region. With offices in Singapore and Myanmar, our associate firm, Rahmat Lim & Partners in Malaysia, and our alliance firm, Soemadipradja & Taber in Indonesia, Allen & Gledhill's network has over 600 lawyers in the region.

Our Intellectual Property Practice is consistently voted as one of the leading intellectual property ("IP") practices in Singapore. The team provides advice on a broad range of IP matters, both contentious and non-contentious, including prosecuting, enforcing and defending copyrights, patents, trade marks, domain names and registered designs in Singapore and Asia. The Practice regularly develops strategies for the use, protection, management and exploitation of IP, and negotiates, reviews and drafts commercial agreements involving the development, application and commercial exploitation of IP, such as IP acquisitions and disposals, licensing and franchising. The team is well-placed to advise on and assist with the necessary applications, registrations, portfolio management and coordination of IP.

The IP Dispute Resolution team has extensive experience in all areas of IP litigation, enforcement, arbitration and mediation. In recent years, they have successfully represented our clients in achieving several notable and groundbreaking reported decisions before the Singapore courts concerning patent infringement and invalidation, copyright infringement, infringement of trade marks and registered designs, passing-off and the misuse of confidential information. Where required, the team undertakes urgent applications to court for interim injunctions, as well as civil and criminal search and seizure orders. They are also well-equipped to issue freedom-to-operate opinions and invalidation advice in any field and industry, and have extensive experience in managing and overseeing cross-border IP disputes in many countries, especially South-east Asia (working with partner offices in Malaysia, Myanmar and Indonesia).

The Patents team is qualified in a diverse range of disciplines and technical expertise such as chemistry, biotechnology, computer science and mechanical and electrical engineering. They also have extensive and specialised experience in patent prosecution, advisory and litigation support work. Their work includes searches and drafting of specifications, patent litigation support, patent validity, patent revocations (IPOS) and infringement analysis.

Our experienced team of Partners and Associates is helmed by Senior Counsel, Dr Stanley Lai. Our Intellectual Property Practice has over 50 members;
