(Messages to your potential clients in Japan)

ALCS was founded by Arthur Loke (AL), a lawyer qualified in Australia and Singapore, where he was first called to the Bar in 1970.

Most clients of ALCS are from his law practice, many of them world renown businesses. ALCS clients include Nomura Research Institute and F1, motorsports' most prominent name. Also other well known names which include Casio Watch, Kao Chemical, Loro Piana, just to mention a few more. Of late we have been assisting and advising digital content creators and also companies in fintech and in green energy. We believe some of them will soon be household names.

ALCS not only enjoys the patronage of these world class public companies but also the support of medium sized family held companies who are sophisticated, purposeful and focused. Our clients know what they want from us, and we make sure that we are always up to the mark and up to date. Companies come to us to keep them compliant in corporate filings and for protection of their IP. We also assist them with employment passes and immigration concerns.

We feel confident to say that there is no issue in corporate law compliance, protecting of IP rights or of work passes that we cannot give some thoughtful advice. We will introduce our client to a specialist if the matter is out of our depth.

As you can see self realisation while staying competent grounds us to perform at a high level. We have done well by this approach with all our clients.

After reading this and if you have need to find out more about us we will be delighted to hear from you.
