事務所コメント (Messages to your potential clients in Japan)	In light of the growing economies within the ASEAN region, our firm has designed special ASEAN patent and trademark filing packages which allow companies to file their patent & trademark applications in any of the ASEAN countries at very cost effective rates. Applicants will also benefit from working with a single patent firm (i.e. VJP Singapore) instead of several firms in the region and to utilise an efficient prosecution strategy (i.e. ASPEC) amongst the ASEAN countries. We would be pleased to share our ASEAN patent and trademark packages in greater detail.
