

EU Gateway Programme

# Opportunities for EU Companies in Japan and Korea

The EU Gateway Programme is managed by the European Commission and helps European Union companies to succeed in Japan and Korea by providing support at the critical early stages of their market penetration strategy (see the EU Gateway website at [www.eu-gateway.eu](http://www.eu-gateway.eu)).

## Sectors

The Programme focuses on providing assistance in technological sectors with a high market potential in Japan and Korea as well as in the design sectors. Business Missions are organized in the two target countries in the following sectors:

Sector	Japan	Korea
Construction and Building Technologies	✓	✓
Healthcare and Medical Technologies	✓	✓
Environment and Energy-related Technologies	✓	✓
Information and Communication Technologies	✓	
Fashion Design	✓	
Interior Design	✓	

## Business Missions

Companies are invited to participate in one-week Business Missions in Japan and Korea and to present their products to potential Japanese and Korean partners.

There is one Business Mission per sector each year per target country. The participants of the Business Missions are EU Companies active in the same sector. Missions accommodate up to 40 EU Companies for Japan and 30 EU Companies for Korea permission.

“An initiative  
to enhance co-operation  
with Japan and Korea”

## What are the benefits for EU Companies?

The Programme offers the following benefits for EU companies:

- Professional coaching services aimed at exploiting their business potential and capacities in relation to the target markets;
- Assistance in developing a productive and collaborative platform with Japanese and Korean companies;
