### ▼ About Select LA Investment Summit

[Select LA Investment Summit](#)

Los Angeles is home to United States' largest county economy, with an annual GDP of over \$707 billion. With 88 fantastic cities and over 100 unincorporated areas within Los Angeles County, investment opportunities here are unrivaled throughout the nation.

As international companies enter a new market, they often struggle to find the right local partners to integrate into this complex region. The needs of international companies are unique, and a holistic strategy must be carefully developed to navigate business channels and discover the right opportunity in Los Angeles. This is the essence of the Select LA Investment Summit.

Select LA offers the perfect environment to create and foster new relationships with individuals who are responsible for turning a conversation into an investment opportunity.
