

MSV 2026 Japan Pavilion Exhibitor List

JAPAN PAVILION

JETRO, or the Japan External Trade Organization, is a government-related organization that works to promote mutual trade and investment between Japan and the rest of the world. Originally established in 1958 to promote Japanese exports abroad, JETRO's core focus in the 21st century has shifted toward promoting foreign direct investment into Japan and helping small to medium size Japanese firms maximize their global export potential. JETRO has 76 overseas offices in 56 countries and 52 offices in Japan.

1 Doog Inc.

Autonomous Mobile Robot THOUZER

Japan-based Doog builds safe, user-friendly, and highly scalable autonomous mobile transport robots. They are driven by its core technology, the proprietary Doog Navigation Engine, to excel in challenging environment.

2 THINKY CORPORATION

Planetary Centrifugal Mixer - ARE-312CE

Advanced planetary centrifugal mixers from THINKY deliver precise mixing and defoaming for battery materials, electronics, functional inks, adhesives, and research applications.

3 SEIBU JIDO KIKI CO., LTD.

Stone Lapping (Super Finishing) Machine & Double Disk Surface Grinder

Leading You to the Next Level of Tribology
We offer the best machines in the industry!
Improve roughness, roundness, flatness, parallelism and residual stress to enhance product quality and durability.

4 Pi PHOTONICS, INC.

Pattern Forming LED Lighting "HOLOLIGHT Series"

Our patented HOLOLIGHT LED safety lighting projects highly-visible light patterns, visualizing danger zones to effectively prevent accidents in noisy industrial plants.

5 REX INDUSTRIES CO., LTD.

Pipe threading machine, Cordless Flare, Inspection camera, Hand tools,

For over 100 years, Japan's leading piping machinery & tool innovator delivering high-performance Threading Machines, Cordless Flaring Unit, and advanced Pipe Inspection Cameras for global professionals.

6 Nikuni Co., Ltd.

VDF Hydrocyclone

Nikuni's Hydrocyclone - VDF (Vortex Dynamic Filter) provides efficient, media-free coolant filtration, reducing waste, maintenance, and operating costs while delivering clean coolant through powerful centrifugal separation.

TOKAISPRING

⑦ Tokai Spring industries, Inc.

Custom-Made Springs for Demanding Applications

From a single prototype to small production runs, we manufacture high-quality springs precisely tailored to demanding requirements in energy, steelmaking, aerospace, and industrial machinery.

⑧ Enomoto Machine Co., Ltd.

Servomotor Driven Screw Press for Forging

Servomotor driven screw press for Forging, capacity range from 125 ton to 5000 ton. Electric energy 50% save, maintenance less.

⑨ MEGATRADE Corporation

OpenAA

OpenAA is an Open Source Software for Visual Inspection, fully backed by technical support by community. Download it for free, try it, and use it.

NIPPON MUKI CO., LTD.
a member of DAIKIN group

⑩ Nippon Muki Co., Ltd.

Silicaglass, High Temperature Filter

(1) Experience high-performance protection: 1000°C-rated Silicaglass offering flexibility and electrical insulation.
(2) Our high temperature filters are available in versatile sizes for operation up to 500°C.

神谷機工株式会社

⑪ Kamiya Saw & Knife Mfg. Co., Ltd.

Cold Saw Blades Series

KAMIYA delivers custom cold saw blades engineered for precise, clean cutting, long tool life, and stable performance in automotive, steel, and metalworking applications.

AIDA ENGINEERING
OKAYAMA JAPAN

⑫ AIDA ENGINEERING CO., LTD.

Cold Roll Forming Machine, Forming Roll, Crusher and Crusher Blades

With 50+ years of history, AIDA Engineering manufactures custom machinery, rolls, and blades in-house, utilizing high-quality Japanese specialty steel to ensure top reliability.

⑬ NAKAYAMA IRON WORKS, LTD.

Suction Air Separator Unit

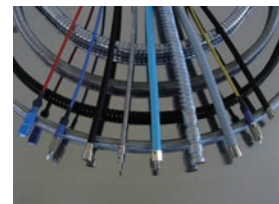

The NAS1200T is a high-performance air separator designed for efficient waste separation, helping improve material recovery and enhance the quality of recycled aggregates.

⑭ HAGITEC Co., Ltd.

Metal Flexible tube (HAGITEBE)

Our metal Flexible tube (HAGITUBE) already well known as protection for fiber optics, such as fiber sensor, communication network cable and high power laser cable.

⑮ MINITOR CO., LTD.

Precision Micro-Grinders & Tools

High-precision micro-grinders and tool solutions engineered in Japan. We deliver exceptional control, superior durability, and versatile performance for mold making, deburring, and ultrafine surface finishing.

JETRO Prague

JETRO Prague office was established in 1993 and has been conducting and engaging in various activities, with the aim of contributing to further development of economic relations between Japan and the Czech Republic/Slovakia.
If you have business inquiries or projects related to these areas, JETRO should be your first point of contact.
