Saga Prefecture

- Saga Prefecture is in the northwestern part of Kyusyu, bordering Fukuoka Prefecture to the east, Nagasaki Prefecture to the west, the Sea of Genkai to the north, and the Ariake Sea to the south. It is about 900 km in a straight line to Tokyo and about 500 km to Osaka, but it is less than 200 km to the Korean Peninsula, making it a historically and culturally important point of contact for continental
- Saga Prefecture covers an area of approximately 2,400 square kilometers, is comprised of 10 cities and 10 towns, and has a population of approximately 830,000.
- The climate of Saga Prefecture is mild, with many areas where the average annual temperature is around 16 degrees Celsius.

Morodomi Town, Saga City

- Morodomi Town is in southeastern Saga Prefecture, bordering Fukuoka Prefecture. It is part of the Chikushi Plain, and the terrain is flat. The Chikugo River flows southeast of the town.

Morodomi Furniture

- Morodomi town in Saga prefecture is one of the leading furniture production areas along with Okawa City in Fukuoka Prefecture, which is located on the other side of the Chikugo River.
- Morodomi Furniture is characterized by its high woodworking techniques and originality in design.
- Each company and workshop produces a wide variety of products that respond to changes in the living environment by taking advantage of their respective areas of expertise, such as custom-made furniture, creative furniture, and interior accessories.

Manufacture and sale of wooden toys and interior accessories.

Originally a company that made small wooden products such as furniture parts, knobs and handles, the company began producing wooden toys after the birth of a child. The wood processing technology we had cultivated up to that point was used to create toys with a smooth, gentle feel. The products are finished with vegetable oil, so they can be used safely by children.
