Block Health Officers,  
All the Block Health Offices in Ahmedabad

Subject: Regarding Health Screening of Industrial Workers

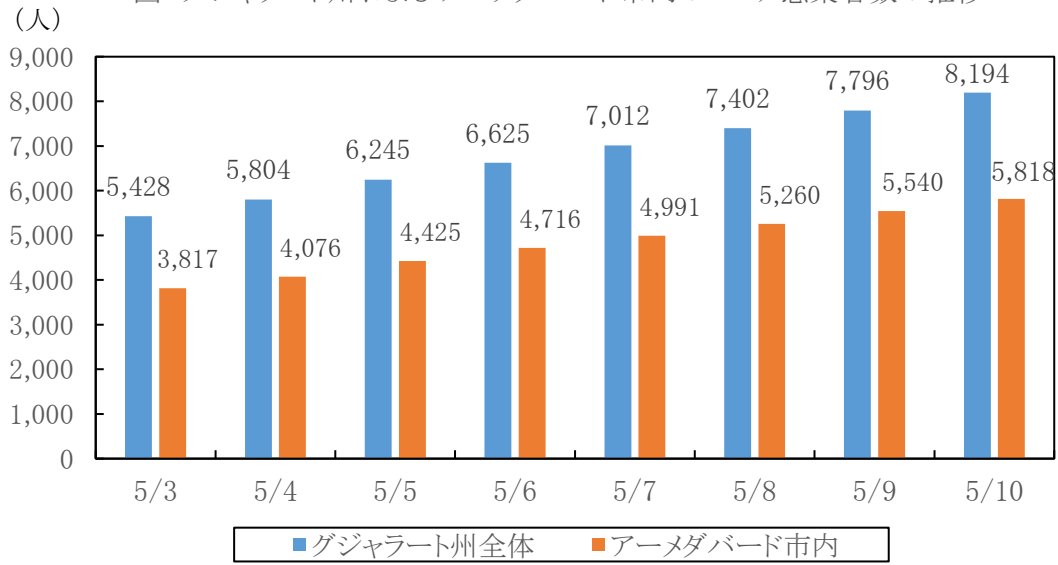

In wake of current global spread of COVID-19, the World Health Organization has declared it a pandemic. In this reference, Government of India has suggested to take measures to contain this pandemic under the Epidemic Disease Act.

This is to inform that all the block health officers (BHOs) have to assure that industrial units operating in their respective work area (of Ahmedabad district) that workers and employees in these industrial units should go through medical checkup once in a week either by occupation health center medical officer or hospital decided by respective industrial units. Information of this medical checkup should be made available at the industrial unit as well as should be reported daily at your (TDO) level. TDOs are hereby informed to assure that industrial units in their respective work areas are following these instructions and TDOs are instructed to work in this regard.

Chief District Medical Officer  
Ahmedabad
