【About Miyazaki Authentic Shochu Flavor Map】
The information included on the map is not limited to all the breweries in Miyazaki Prefecture. The authentic shochu, which uses sweet potatoes as the main ingredient, is evaluated based on its aroma components and taste. This map is created by plotting the analyzed statistics results from instrumental analysis and human senses. (implemented by Miyazaki Prefecture Food Development Center)
※The taste and aroma of shochu differs from person to person. The taste also depends on how you drink the shochu, such as on the rocks or with hot water.
※The taste and aroma may vary depending on the time of purchase, manufacturing lot, as well as storage conditions after purchase.

※The selling and consumption alcohol by persons under 20 years of age is prohibited by law.

Information regarding the Miyazaki Prefecture breweries and brands mentioned in the Miyazaki authentic shochu flavor map (sweet potato shochu) publication.
