

図 リトアニア宇宙企業のマッピング図

Company name/ Area of Expertise	Ground systems	Robotics	Earth Observation	Downstream applications	Satellite navigation	Telecommunication systems	Optical Communication systems	Propulsion systems	Human spaceflight and microgravity	Space food	Autonomous systems	Satellite platform design, manufacturing and integration	Space system software	Photonics, Optics, Optoelectronic components	Electrical, Electronic, Electro-mechanical (EEE) components	Space System Electrical Power	Life and Physical Sciences	Quality, Dependability and Safety	Materials and Manufacturing Processes	System Design and Verification	
Adscensus																+					
Altechna																					
Astrolight						+	+														
Baltic Institute of Advanced Technology						+					+		+	+	+						
Blackswan Space	+				+						+		+								
Coetus			+																		
Crystal Growth Laboratory			+	+	+	+								+	+						+
Delta Biosciences									+	+								+	+		+
Eksma Optics														+							
Elmika						+									+						
Esemda															+						+
Forest 4.0			+																		
Geld Baltic										+											
Geomatrix			+	+																	
HIKOS				+																	
Integrated Optics							+							+							
Kaunas University of Technology	+	+	+		+	+					+	+	+		+	+	+	+	+	+	+
Klaipeda University			+	+																	
Kongsberg NanoAvionics			+									+				+					+
Lidaris														+					+		
Lithuanian Energy Institute																					+
Novian PRO	+		+	+		+															
OPTOMAN														+							
Sensmetry											+								+		+
Si Femto			+	+		+	+								+						
Standa	+	+					+														+
TIGBIS					+			+					+			+					
UVIRESO								+													+
Unmanned Dynamics		+	+	+				+			+										
Vilnius Gediminas Technical University	+	+	+	+	+	+		+			+	+		+	+	+			+	+	+
Vilnius University	+	+	+				+			+	+							+		+	+
