### Outline of the demonstration project

- Development of smart clinic chains aimed at promoting DX in the clinic sector and development of medical big data platforms in Vietnam.

### Cooperation with local companies/governments

- Local partners: Japan Vietnam Health Bridge Co.ltd

(Medical tours between Japan-Vietnam, support for opening clinics in Vietnam, education programs for medical professionals, etc.)

Smart clinic in preparation  
(AEON MALL Hadong (Hanoi,Vietnam))

Cloud-based electronic medical records  
under development in-house (Data platform)

### Targeted economic/social issues and solutions

- By improving and standardizing the quality of primary care medical institutions (i.e., clinics) in Vietnam, prevent congestions at higher-level medical institutions and improve healthcare access.
- Provide Japanese companies (pharmaceutical, medical device, medical AI companies, etc.) with access to the medical big data obtained from our clinic chains and cooperating facilities, and support their product development and business expansion into Vietnam.
